Service Above Self

February 4, 2020

Rotary Vision:

Together, we see a world where people unite and take action to create lasting change across the globe, in our communities, and in ourselves.

Our meeting began with President Jeff Balzer leading in the Pledge of Allegiance and God Bless America. Jeff Balzer also did the invocation.

Sergeant at Arms Report:

Mark Barnhart reported **30** of our **57** members were in attendance and **2** guests.

Announcements:

Cindy Strayer announced how we are up to \$800 for happy bucks to give to the family that lost everything in the fire.

Quote of the week:

” Challenges are what make life interesting and overcoming them is what makes life meaningful.” -Joshua J. Marine

Speaker:

Brian Beeghly spoke about how Tesla has a market capitalization second to only Toyota. Brian bought a Model 3 but wasn't impressed with the delivery experience. Tesla is forecasting a 15 trillion-dollar market on electric vehicles. Even though Tesla sells less than 370,000 cars compared to Toyota's 10 million per year, the market caps are comparable, meaning that there is a good chance that Electric is seen as the future as far as car travel. Tesla has very cool apps that integrate your phone to your car to control many aspects of the vehicle. Tesla is currently the #1 selling car in Norway. Brian Beeghly has a Tesla Model 3 that he really likes.

Our meeting ended in the usual way with the Four Way Test.
