TODAY'S PROGRAM: Robert "Bobby Z." Zimmerman

Ed Meadows introduced our featured speaker today. Bobby Z has been a musician for over 50 years. He has done a lot of traveling with some very famous artists. You may recognize the bands "Chicago" and "Three Dog Night", along with Willie Nelson, to name a few. He also worked at Trombino Music Center at the Westmoreland Mall for 38 years. He was with Vittone's Music Center for 10 years.

Bobby played a few musical selections for us. These included some Irish songs to get us ready for St. Patrick's Day. He also took us back to the Golden Oldies days with a medley of 50's tunes.

Along with his many anecdotes of being a musician, he reminded us how music can trigger memories in all of us.
