TODAY'S PROGRAM:

Fellow Rotarian Barbara Ferrier was our speaker today. She gave a very detailed and fun presentation on her travels. Barb, who was born in Eric, PA, was given an early love of travel from her parents. At age 8, she and her family traveled along the southern route across the United States.

She spent several New Years in various countries across the world. One location was Iceland, which she said has the very best fireworks in the whole world. She also floated down the Nile River in Egypt during Y2K.

She has been in Mongolia, in a yurt. In Kenya, in Treetops where Princess Elizabeth learned she was now Queen.

She has been on many US trips, including Pikes Peak, Sequoia National Park, and Salt Lake. She has been on the Equator in both S. America and Africa.

She's been ballooning in Kenya and ridden trains throughout Russia and Switzerland. She is heading to see the Monarch butterflies next.

Thank you, Barb for your very interesting tale of your travels.
